Who are The IMI

- At the Institute of the Motor Industry, IMI, we believe passionately that the automotive sector is a driver of innovation, employment opportunities and economic growth. We also believe that the people working in the industry need the most relevant, up-to-date skills and qualifications in order to progress and thrive – especially during periods of intense change. The IMI purpose is to provide, and continuously evolve, the means by which people working in the automotive sector can attain relevant professional competence and appropriate recognition.
- The IMI is the only professional body for the whole automotive sector. It's our mission to make sure that individuals and organisations can meet the exacting standards of professionalism that the digital and AI era will demand. Our IMI Student Website is your dedicated website for support and assistance.
